

Essays #3 and #4
Paradoxes

Write **one** “reaction” essay on one of the five paradoxes we discussed during the final weeks of class:

- The Sorites Paradox
- The Liar Paradox
- Paradoxes of Time Travel
- Moral Luck
- Paradoxes in the School of Names

Additionally, write a **second essay** on any paradox we have discussed that you have not yet written about (any topic since the beginning of class).

Your essays should **each** be 2-3 pages double-spaced, or about 500-750 words **each**. They should have titles and your name on them. You do not need to print the essay out, please email it to me (michael.dracula.johnson@gmail.com). Both essays are due on 12 May 2017. I have to submit the grades, so unfortunately, late papers will not be accepted, and will be marked with a 0. I of course will accept legitimate medical excuses for late papers, but please be aware that you may not receive your grade on time, even if you are excused.
